

King George School

School Digital Citizenship Plan 2024-2025

Relevant contextual information about your school and School Development Plan:

- K-5 French Immersion School
- During the 2023-2024 School Year, parents and grade 4 & 5 students participated in the White Hatter Presentation (Digital Literacy and Internet Safety).
- Classrooms use Google Classroom to communicate with families with families and to further student learning.
- We have three Chromebook Carts and six bins of iPads. Every classroom is equipped with iPads and/or Chromebooks. Available technology at our school includes:
 - Chromebooks
 - iPad
 - SmartBoards and Televisions
 - Robotics and Coding Tools (such as Makey Makey; Dash and Dot)

Relevant evidence and data that informs your Digital Citizenship Plan:

- Teacher Input
- CBE Student Survey
 - Students answered: I take care of myself by making sure I don't have too much screen time 72%
 - Students answered: I treat people with the same respect online as I would face-to-face 94 %

School Digital Citizenship Plan					
Long Term Goal (e.g. spanning 8-10 months)	Competency (may be chosen from the CBE DC Competencies)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures
Students will respectfully and safely access learning tools to further their learning and to increase their awareness of online safety.	Safety I know how to protect my personal information online Involved I leverage digital tools to learn, express my creativity and collaborate with others	Students will understand the importance of keeping their passwords secure and private.	Students, with teacher support, will create a unique password to access learning technology. Students will keep their passwords private and safe.	-Teachers ensure that each student have a unique and safe password, and reset passwords as needed. -Teachers will support students in using the Student Account Tool to reset passwords.	-Students will consistently be logging out of all applications when returning technology (ex. Google Classroom). -Students will be able to share the importance of having a unique password and keeping the password safe. -There will be an increase in technology being returned in an organized way, with devices plugged in for the next group.
		Students will be able to be respectful and care for the digital technology in our school.	Students will return technology to the appropriate space and walk safely throughout the school when carrying technology.	-Admirable Use Policy and Student Friendly code of conduct review with students. -Explicit teaching of expected behaviour with technology (ex. collecting and returning technology, signing in and out of application), through the lens of our school.
